

Niagara Asset Manager with Enterprise SMA

Online tracking of your Niagara
assets just got better!

Introducing **Asset Manager**
with Enterprise SMA.

Managing your licenses just got easier!

- Single login using your Niagara Community credentials
- Centralized, brand-agnostic view of Niagara license details
 - Brand
 - Model
 - Maintenance Expiration Date
 - License Version
 - Options
 - Custom Fields
- Enhanced Search Filter
- Enterprise SMA (Software Maintenance Agreement)
 - Synchronize maintenance expiration dates
 - One transaction renews maintenance for all licenses in your enterprise

Software Maintenance

Why renew your Software Maintenance Agreement?

- Cyber Security Updates
 - Tridium is constantly working to thwart cyber threats
 - Adding cyber-defense ease-of-use features
 - Niagara Security Dashboard
- Access to Newest Technology
 - New connectivity options, enhanced productivity, visualization, analytics, compliance features and more

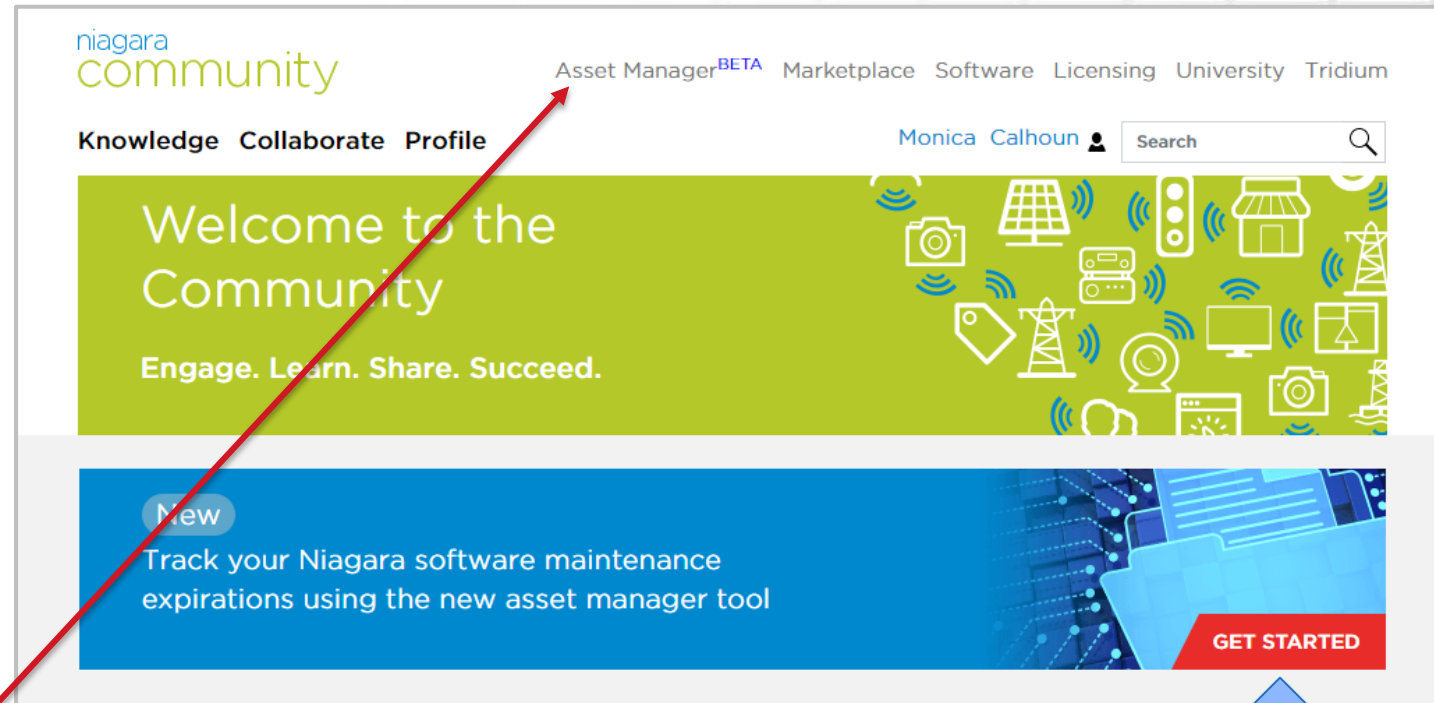

Overview of Asset Manager and Enterprise SMA

Getting Access to Asset Manager *(End User)*

Just follow these simple steps:

- Sign up as a user with the Niagara Community.
- Get your organization registered using the online form
- Agree to the Terms and Conditions
- Click SUBMIT

The Asset Manager link will appear.
Click it and PRESTO! You're in!

Assets – Home Screen

From this page, users can:

- Access asset details
- Add tags to assets
- View location
- Access device backups
- Export asset information
- View Alerts

The screenshot displays the 'niagara asset manager' web application. The top navigation bar includes links for Community, Marketplace, Software, Licensing, University, and Tridium, along with a user profile 'myc6961@gmail.com', a '21 Alerts' notification, and a 'Logout' button. Below this is a secondary navigation bar with tabs for Assets, Device Registration, Tag Definitions, Organization, and Enterprise SMA. The 'Assets' tab is active, showing a table of assets. The table has columns for checkboxes, asset IDs, MAINTENANC... (Maintenance), PROJECT, PROVIDER, STATUS, LICENSED VER... (Licensed Version), INSTALLED VE... (Installed Version), and TAGS. The first six rows of data are visible, showing various asset IDs, project names like 'Edge-10 Lab Testing' and 'Mayland Niagara I...', and providers 'Tridium USA'. The status for all listed assets is 'Pending'. The bottom of the interface shows pagination controls: 'Page 1 of 7', 'Page size: 25', and '1 - 25 of 162 records'.

		MAINTENANC...	PROJECT	PROVIDER	STATUS	LICENSED VER...	INSTALLED VE...	TAGS
<input type="checkbox"/>	NX-CEB0-6A5B-17...	--Unassigned--		Tridium USA	Pending	3.0	--Unknown--	
<input type="checkbox"/>	NX-FE85-5B6D-1B...		Edge-10 Lab Testing	Tridium USA	Pending	3.0	--Unknown--	
<input type="checkbox"/>	NXS-99DA-003B-7...		Edge-10 Lab Testing	Tridium USA	Pending	3.1	--Unknown--	
<input type="checkbox"/>	Qnx-EDGE10-0F1C...		Edge-10 Lab Testing	Tridium USA	Pending	4.8	--Unknown--	
<input type="checkbox"/>	Qnx-EDGE10-1961...		Mayland Niagara I...	Tridium USA	Pending	4.7	--Unknown--	
<input type="checkbox"/>	Qnx-EDGE10-220...		Mayland Niagara I...	Tridium USA	Pending	4.7	--Unknown--	

Device Registration

Register a single device, or upload a csv file to register multiple devices

The screenshot shows the 'niagara asset manager' interface. The top navigation bar includes 'Community', 'Marketplace', and 'Software'. Below this, a secondary navigation bar has 'Assets', 'Device Registration' (highlighted with a blue underline), 'Tag Definitions', 'Organization', and 'Enterprise SMA'. Under 'Device Registration', there are two sub-tabs: 'Single Device' (highlighted with a blue underline) and 'Mutiple Devices'. The main content area features a label 'Enter Host ID*' followed by a text input field.

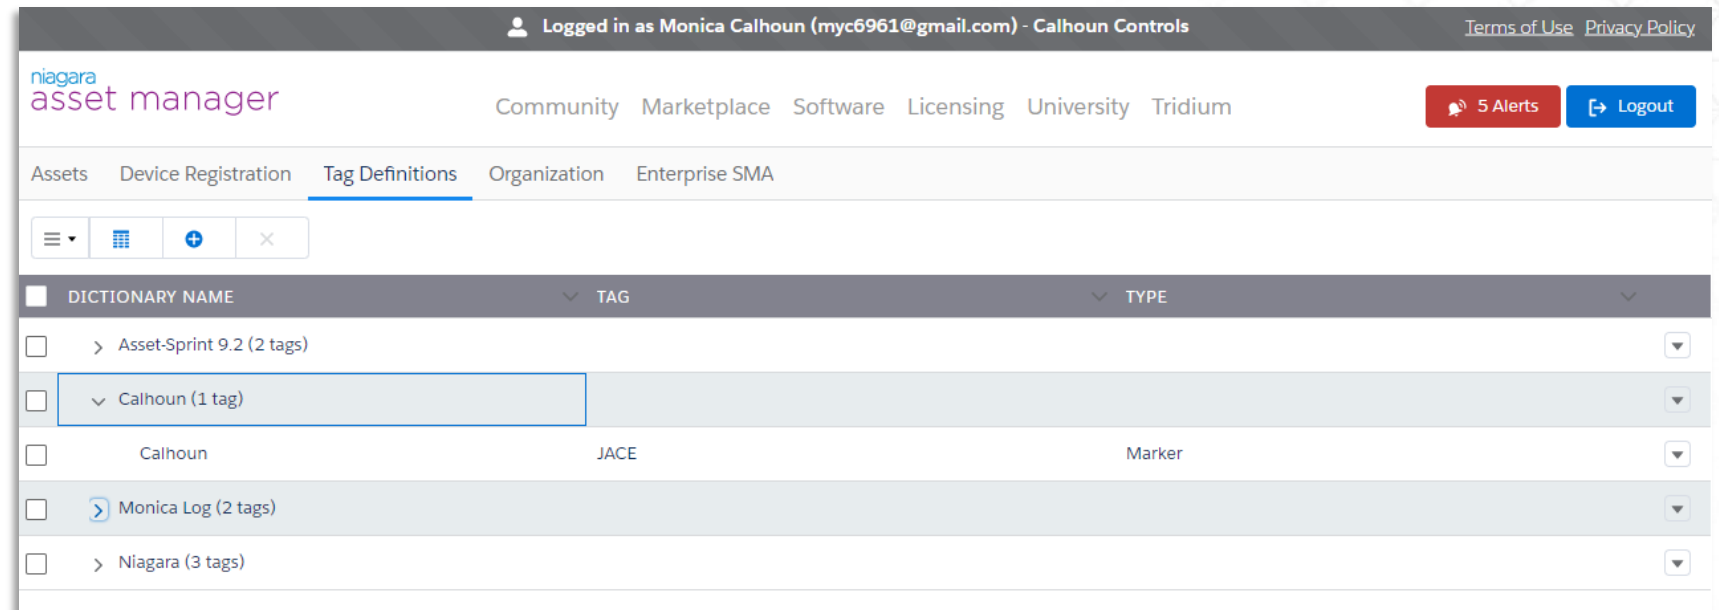

The screenshot shows the 'niagara asset manager' interface for multiple device registration. The top navigation bar is identical to the previous screenshot. The secondary navigation bar is also identical. Under 'Device Registration', the 'Mutiple Devices' sub-tab is highlighted with a blue underline. The main content area includes a link 'Download CSV template here' next to a 'Download' button. Below this is the instruction 'Upload the completed CSV file with the appropriate details and click Continue'. Further down is a file selection area with a 'Choose File' button and the text 'No file chosen'. At the bottom, a disclaimer states: 'Device added without an approved organization affiliation will be partially registered. To unlock cloud BAAS features, you must set up a business affiliation with the service provider.'

Tag Definition

NEW! In Asset Manager you can create a catalog of **tags** to assign to your assets.

Tags are defined by 3 types:

1. Marker
2. String (= value)
3. Number (= value)

My Organization *(End User)*

- Manage company information, users and affiliations.
- Affiliations are links between organizations indicating a business relationship for Niagara products and services allowing:
 - Both organizations to view and manage asset details
 - Access to cloud back-up features

The screenshot shows the 'My Organization' page in the Niagara Asset Manager. The page is titled 'Test27550548' and displays the following information:

- Company Name:** Test27550548
- Primary Contact:** Danesh Kamal
- Primary Email:** dkamal@tridium.com
- Secondary Contact:** -
- Secondary Email:** -
- Company Address:**
 - Street: 3951 Westerre
 - City: Henrico
 - State: VA
 - PostalCode: 23233
 - Country: USA

At the bottom of the form, there are two buttons: 'Edit' and 'Cancel'.

Enterprise SMA (End User)

Building owners registered with Asset Manager can request an Enterprise SMA proposal for registered Niagara assets.
